

Have your say on Social Care for Adults in Southwark!

We are the part of the **Social Care** team at Southwark Council.

Social Care is care and support that helps people stay safe and well.

It can include things like

- Help at home with washing and dressing.
- Going out with a support worker.
- Living in a care home or supported living.

We want to make **Social Care** in Southwark as good as it can be.

We are making a new plan for **Social Care** with people who use social care and their families and carers.
