# COTTRELL AND VERMEULEN

We have been working in South and Greater London for 30 years, completing a number of school, community and housing projects, from small-scale but impactful community projects to large masterplans or framework design consortia.

We immerse ourselves in the communities we design for to ensure that designs are suited to our client's needs - from observing prayer and offerings at the Bhaktivedanta Manor Temple, to staying in college accommodation to understand how to improve ways of living, or hosting student design sessions with the schools we work with.

This helps us define a project vision together, understand what interventions and spaces will have the greatest impact in the long term, and make them integral to the project.

We look forward to working with Kingston residents to integrate new homes into the existing estate in a sensitive, contextual and positive way.

- Gated green space
- Planting beds
- Garages
- Trees

# OUR 'FIRST RESPONSE' BEFORE APPOINTMENT

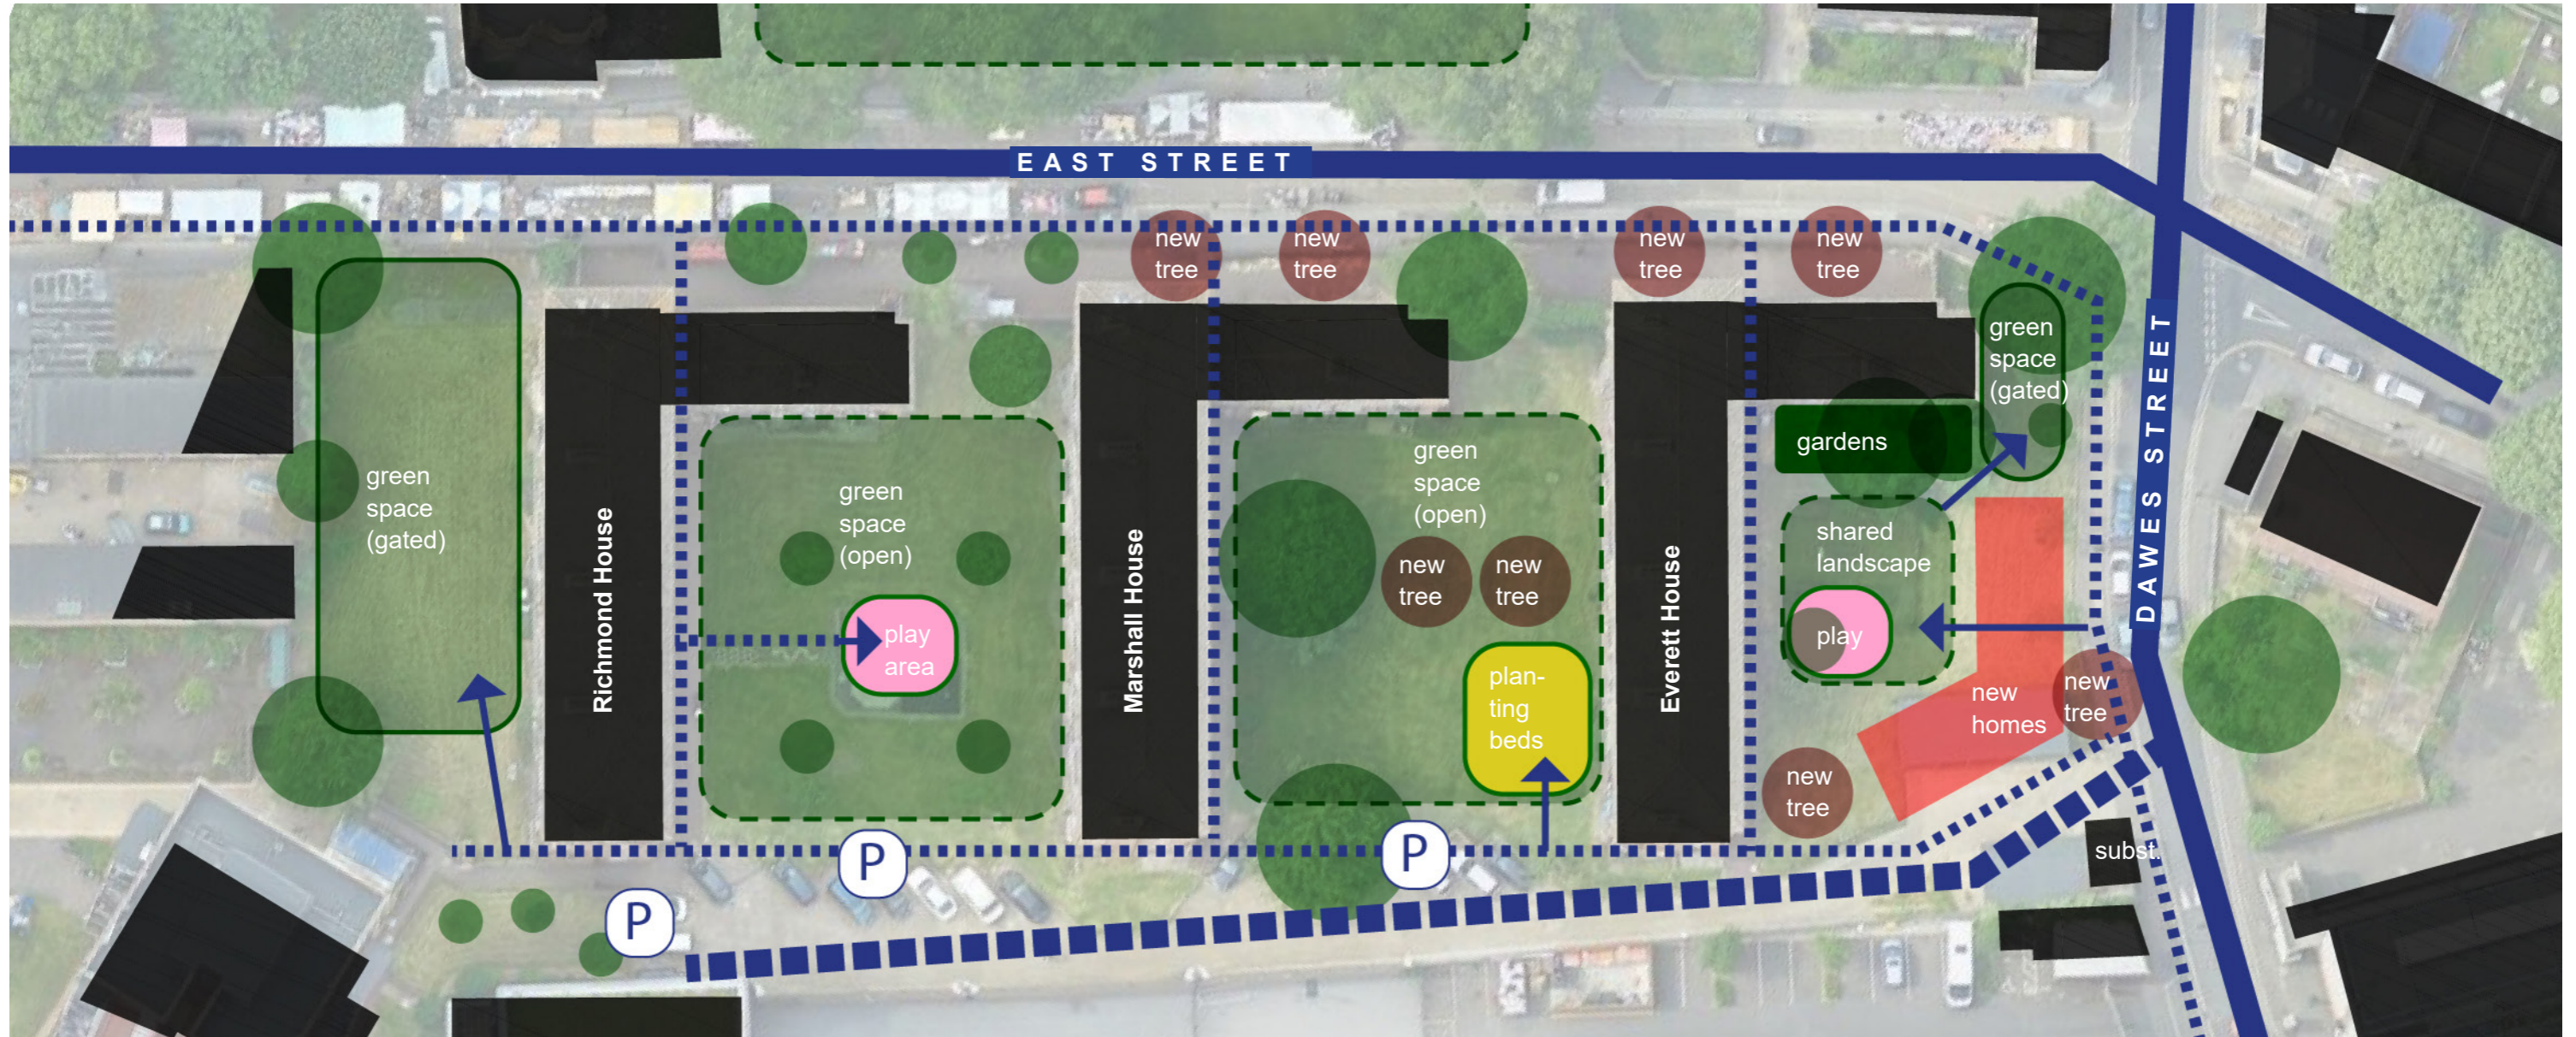

- Enclose a new shared landscape
- Activate ground floor with shared uses
- Build taller along Dawes Street

## MASSING IDEAS

- Lower height to north and east for daylight/openness
- Active/generous site entrance, could be covered
- Up to four storeys - as Aylesbury will be across the road

# WHOLE ESTATE APPROACH

## KEY

-  Gated green space
-  Open green space
-  Pedestrian route
-  Vehicle route

## ESTATE

- New trees to define and shade areas, screening of East Street
- Relocate planting beds to more open aspect
- No change to off street car parking

## PROJECT SITE

- New shared courtyard landscape with play, seating, cycle parking
- New green space on market corner
- New homes along Dawes Street
- Retention/replacement of trees
