

We are building 13 homes at Sedgmoor Place. We will send you newsletters throughout the building works to keep you up to date on progress and what is happening around the site.

Progress

We have now installed the structural steelwork and finished the main roof works. Thank you for your patience while we have been carrying out these works.

Forthcoming works

In the next few weeks, you will see windows and doors being fitted on the outside of the building. We expect the works to be finished by end of the Summer 2022, but we will keep you up to date as the works progress.

We would like to thank our surrounding neighbours for your patience whilst we carry out the works. If you have any questions or concerns, please do not hesitate to contact a member of our team below.

Noise and Vibration Control

We will be careful to control the levels of noise and vibration while the building works are taking place. We have chosen construction methods which create as little noise and vibration as possible. We regularly monitor noise and vibration levels to ensure that these are not excessive. If you are experiencing significant disruption from the building works, please contact one of our team.

Considerate Constructor's Scheme

Our Sedgmoor Place site has been registered

with the Considerate Constructors Scheme. Posters and general information on the scheme have been posted on the site hoardings. All sites registered with the scheme are monitored by an experienced industry professional to assess their performance against the CCS code, and should do all they can to reduce any negative impact they may have on the area in which they are working. If you have any complaints or comments regarding our site activities and do not want to contact our on site team, please contact the scheme's administration office on 0800 7831423. Alternatively, please visit the scheme's website - www.ccsscheme.org.uk

Site Working Hours

Monday to Friday: 8am - 6pm

Saturdays: 8am - 1pm

We do not work on Sundays or Bank Holidays
