Dear Residents,

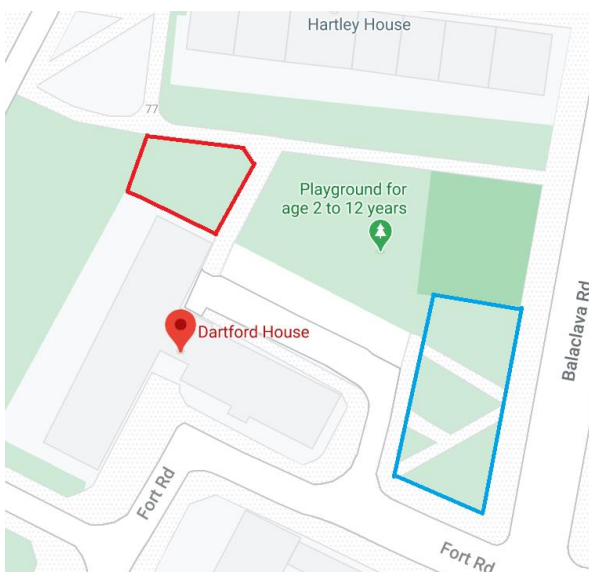

Longfields Estate: Allotment and Cleaner Greener Safer

As part of the proposals of Longfield Estate to build new homes, we also want to improve the wider estate. This letter is to address whether the local community wants to have an allotment area and where to place bicycle parking in the estate.

As mentioned in the community brief, it has been established that there might be an interest for the local community to have an allotment area, which Cottrell and Vermuelen Architects have stated that depending on the size agreed we can fit between 3 to 6 allotment spaces.

Feedback 1: Proposed allotment space below - what are your thoughts?

Please see below on the map marked in red where the Project Group have discussed on the potential location for the allotment. The blue line refers to proposed development area.

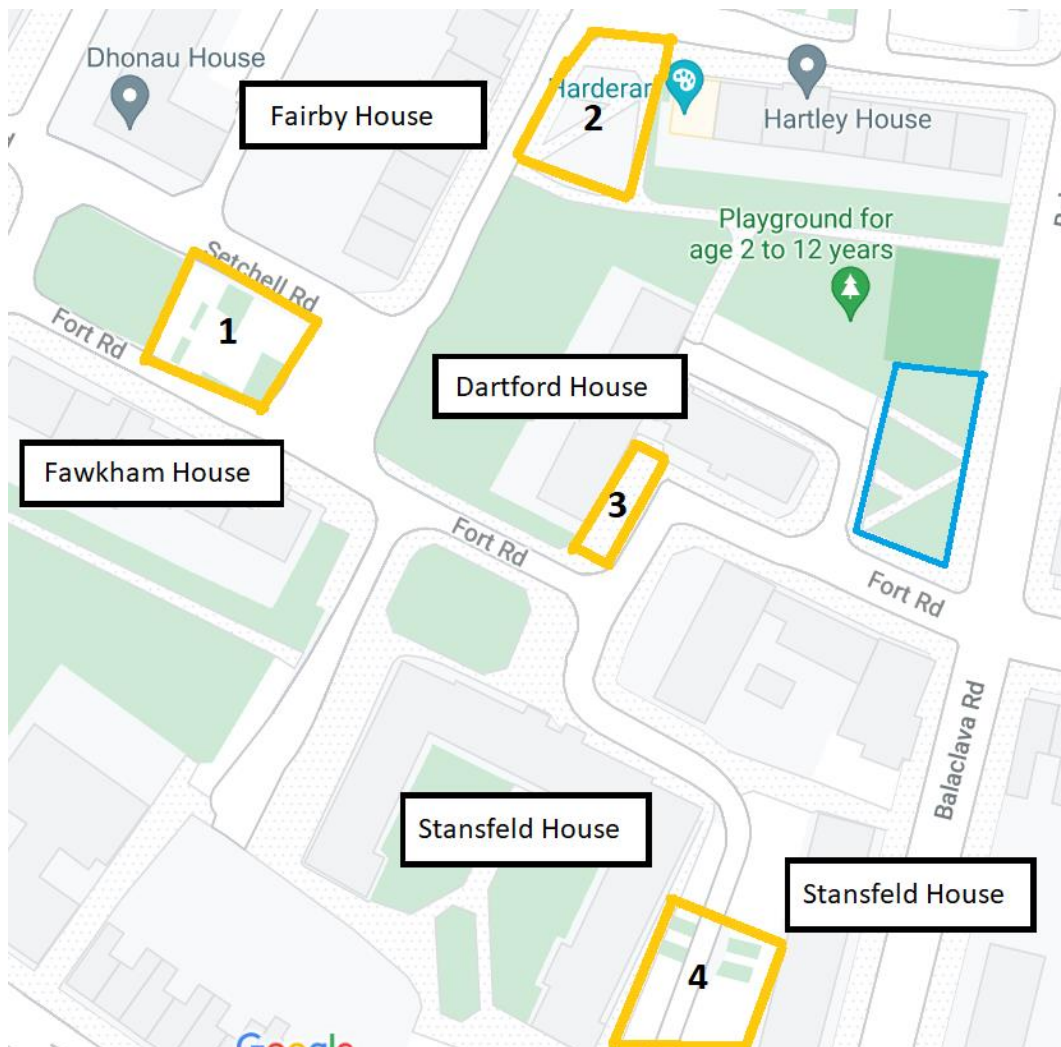

T&RA have applied for Cleaner Greener Safer capital funding and have successfully secured funding for bicycle parking such as having Sheffield Stands to be installed around the estate. It has been agreed with the T&RA and the Southwark New Homes Team that it is best to utilise this funding and have bicycle storage placed around the estate now, instead of waiting for the new development to be completed.

As you are the local community, we would really appreciate your suggestions on potential locations on where we could place new bicycle parking.

Feedback 2: Bicycle Parking – Where would you like to see them installed?

Please refer to the map below in which the Longfield Project Group have identified in yellow where Sheffield Stands can potentially be placed.

1. Central garden/paved area outside Fawkhams House
2. Pavement adjacent to Fairby House (where some bike lockers are already located)
3. Pavement areas outside Dartford House
4. Pavement areas outside Stansfeld House

Sheffield Stand

PLEASE NOTE:

For additional information, you can find the most recent presentation slides and the community brief flyer by going on to the URL below:

<https://longfieldestate.commonplace.is/proposals/document-library>

Please provide us your feedback

1. Please tell us if you agree or do not agree to have an allotment space (Refer to first map diagram).
2. Please give us your thoughts and comments about where we could place bicycle parking in the estate (Refer to second map diagram).

Submit your feedback by emailing or calling us, with the contact details below.
